Key Product Bullet Points:

Product Description:

Show Chrome® has answered the call of many customers by retrofitting its popular flag pole from the Can-Am RT and Honda Gold Wing to fit the Polaris Slingshot. This product comes with steel mounting brackets for secure installation. The aluminum flag pole and stainless steel hardware ensure long-lasting quality and resistance to rust. Whether you want to show support for veterans, your local riding community, or your favorite sports team (such as the Vikings, Packers, or Bears in northwestern Wisconsin), this accessory staple is perfect for you. Enjoy an easy installation process with no drilling required, thanks to the utilization of existing holes, and rest assured that all necessary installation hardware is included.
